Supervisor Michael D. Antonovich

FROM: Wendy L. Watanabe  
Auditor-Controller

SUBJECT: **DEPARTMENT OF MENTAL HEALTH SERVICE PROVIDERS FISCAL  
MONITORING – FISCAL YEARS 2008-09 AND 2009-10**

The Department of Mental Health (DMH) provides mental health services through DMH-operated clinics and contract service providers (i.e., private clinics, other County departments, and State-operated clinics). The services are paid for with federal, State, and County funds.

At DMH's request in February 2012, we contracted with a Certified Public Accounting firm, Moss, Levy and Hartzheim, CPAs (MLH), to conduct fiscal monitoring of some of its service providers. DMH selected the 70 providers and review periods to be audited as follows:

Fiscal Year	Audited Providers		
	DMH Clinics	Contract Service Providers	Total
2008-09	28	19	47
2009-10	-	23	23
<b>Total</b>	<b>28</b>	<b>42</b>	<b>70</b>

DMH selected the older review periods (above) because DMH clinics and contract service providers can submit service billings and supporting documentation up to 18 months after the end of a fiscal year. The monitoring, which began in April 2012, was intended to ensure the DMH clinics and contract service providers complied with program requirements. MLH

also reviewed the contract service providers' fiscal operations to ensure they had proper controls over funds received from DMH.

### **Summary of Findings**

As indicated in the attachment, MLH identified a total of \$1,068,249 in questioned costs; \$847,168 for the contract service providers, and \$221,081 for DMH-operated clinics. DMH indicated that they have collected \$478,653 of the \$847,168 from the contract service providers, and is in the process of resolving the remaining \$368,515. DMH is also working to resolve the \$221,081 in questioned costs for DMH-operated clinics. DMH has indicated that they will reimburse the State for any unresolved questioned costs from contract or DMH-operated clinics.

MLH noted that the questioned costs were primarily due to the following:

- Clinics/contractors not documenting services or not being able to provide the required documentation (e.g., progress notes, daily service logs, etc.) for review.
- Clinics/contractors not being able to provide client folders for review.
- Contractors reporting costs in their cost reports that did not agree with expenditures noted in the contractors' profit and loss statements or general ledgers.

MLH also noted that the clinics/contractors were not always able to provide updated/complete Payor Financial Information forms, which are used to determine the clients' ability to pay. However, these issues did not directly result in any questioned costs.

MLH discussed each report with the respective service providers and DMH. DMH management is requiring the contract service providers and DMH clinics to develop and submit corrective action plans (CAPs) to address the findings and recommendations.

We recommend that DMH provide your Board with periodic updates on their collection efforts, and follow up to ensure service providers implement their CAPs.

Due to the large number of reviews, copies of the individual reports are not enclosed, but are available upon request. Please call me if you have any questions, or your staff may contact Robert Smythe at (213) 253-0101.
